# | FOLDING KNIVES

# AFFINITY | ALUMINUM CBSA COMPLIANT

## ► SIMPLICITY + CLASS

### EDC POCKET FOLDING KNIFE

A little something for those high-tone occasions, the Affinity is an EDC knife with class. Built with double-windsors and 3-pieces in mind, the Affinity is the right accoutrement for any black tie affair. Simple ergonomics and barrel construction create a clean and fresh look, while the pop color pinch plate provides a striking aesthetic breakup on the steel frame lock. Easy access to the frame lock makes operation a breeze.

# E.A.B. (Exchange-a-blade)

The Gerber Exchange-A-Blade pocket knife uses contractor grade or standard size utility blades that can be easily replaced as necessary. The stainless steel handle works well as both a pocket or a money clip, and liner lock construction keeps the blade safely in the open position when in use. The blade screw is raised for easy opening.

## FEATURES

- Accepts standard or contractor grade utility blade
- Liner lock safety
- Nail nick for easy opening
- Pocket clip doubles as money clip

## TECH SPECS

# E.A.B. (Exchange-a-blade) Lite™

The Gerber Exchange-A-Blade pocket knives use contractor grade or standard size utility blades that can be easily replaced. New for 2010, the E.A.B. Lite also features deep finger grooves that provide a secure grip in a lighter knife. Both the E.A.B. Lite and the original E.A.B. sport stainless steel handles that also double as a pocket or money clip.

## FEATURES

- Contractor-grade replaceable utility blade
- Deep finger grooves for secure fit
- Handle also doubles as pocket or money clip

# GDC COLLECTION

Having the right tool on hand to get out of a jam says something about you, even if the job's as simple as cutting twine or slicing open a box. Gerber's Daily Carry Zip Blade will help you be that capable person when it counts. It's small enough to fit in the palm of your hand, but strong enough to strip wire, cut cardboard, and slice through the toughest of clamshell packaging.

The quick-release clip lets you remove this tool with one hand, in case your other is steadying the load you're cutting off the rack of your car. When open, a frame lock keeps the 2.26-inch, fine edge blade secure, so there's no wobble when you're powering through a cut. Finally, a built-in fob lets you attach this blade to the zipper of your jacket or bag, so it's always close at hand when you need it.

## FEATURES

- Compact .68-inch fine edge utility blade
- Frame lock for improved security
- Zipper attachment for easy access
- Quick-release clip for swift removal
- Backed by Gerber's Lifetime Warranty

## TECH SPECS

- Overall Length: 2.26"
- Blade Length: .68"
- Closed Length: 1.70"

# PARAFRAME MINI™

Modeled on the popular Paraframe design that earned its larger siblings praise, the Gerber Mini Paraframe Tanto offers the same familiar details on a small scale for a discreet carry. At 1.5 ounces, **there's no reason not to add it to your daily routine.** The 2-inch blade is all fine edge, and the tanto point is every bit as sharp as that of a larger knife. Speaking to its decades of history crafting knives, Gerber gives this knife the same attention to detail found on the larger versions, including an ergonomic metal handle and frame lock design. The result is a small knife with confident blade engagement and a balanced feel.

## FEATURES

- Tanto-style blade is ready to puncture, slice and perform detailed work
- Black titanium nitride-coated blade reduces unwanted reflection and defends against corrosion
- Full fine edge blade is easy to sharpen
- Frame lock offers bomber blade control
- Pocket clip offers security and keeps your knife within easy reach at all times
- Small size disappears in your pocket

## TECH SPECS

- Overall Length: 5.25" (13.34 cm)
- Blade Length: 2.13" (5.41 cm)
- Closed Length: 3.13" (7.95 cm)

# PARAFRAME I

The nicely articulated clip point of the **Paraframe's** serrated edge blade functions in slicing through tape, boxes, and even manages emergency food prep. With its hardy titanium coated blade, this no-frills folder can take a beating in a crisis and get the job done without hassle. Its super-solid stainless steel handle will tolerate intense use while preventing strain with the ergonomic, vented structure, beautifully tailored to sit within the palm while positioning a thumb along the hilt. Open the frame locking folder and engage this simple, lightweight knife that holds its edge and withstands heavy application. The **Paraframe's** lithe shape allows seamless securing to a pocket interior with its stainless pocket clip.

PATENT PENDING

# ULTRALIGHT LST™

Now here's a knife with some mighty impressive roots. It was brought to market back in 1980 by none other than the man whose last name goes on each of our products. Pete Gerber was the first knife creator to envision the merits of using all-synthetic materials in the handle. He and knife designer Blackie Collins aimed to deliver lightweight performance that had not been seen before in a knife this all-out rugged. The Gerber L.S.T. is the smoothest of operators. With a mechanical action that just feels good and satisfying when you open and close the blade, which happens to be made of 400 series stainless steel.

But lets get back to the topic of lightweight performance. The heaviest of the four legendary L.S.T. models musters a mere 1.2 ounces on the scales. Yet, when you feel that easy grip, there's no question that Pete Gerber's big idea is one for the ages.

## FEATURES

- Lightweight synthetic handle
- Tactile textured handle
- Lock-back design

## TECH SPECS

- Overall Length: 4.62"
- Blade Length: 1.96"
- Closed Length: 2.65"
- Weight: 0.6 oz.

# US1™

The US1 pocket knife is a testament to the adage “hard work pays off”. Drawing on decades of experience perfecting the folding pocket knife, the US1 boasts innovative design elements and premium materials without sacrificing the iconic history that Gerber has come to be known for. Proudly made in Portland, Oregon, this trusted everyday companion will endure the test of time, continuing a heritage of excellence for generations to come.

**LIGHTWEIGHT PERFORMANCE | HEAVY HITTING MATERIALS** - Your everyday carry just got the ultimate upgrade. The best-in-class 420HC American steel blade ensures you the ability to tackle any task your day brings. The robust glass-filled nylon handle is wrapped in a textured rubber overmold, giving you the confidence to operate in the roughest of conditions. The finely machined nail nick offers ease of opening, complimenting the slim profile that fits perfectly in your pocket. The US1 elevates the average pocket knife, delivering a powerful punch in a one ounce package.

## FEATURES

- Drop point blade
- Thin and lightweight
- Nail nick
- Rubber overmold
- Large finger notch
- Lanyard hole

# VITAL BIG GAME FOLDER

Featuring Split Sec™ Tech, The Vital Big Game Folder has one of the safest exchangeable blade systems on the market. The tool-less blade replacement keeps you ready in the field, safe operation and precise utility are available at the push of a button. The surgically sharp full size blade is now even larger, offering additional purchase when working through large game. The highly visible, blaze orange handle is easily spotted and the grippy overmold keeps you in control when things get messy. Sheath included.

## FEATURES

- Split Sec™ Tech push button exchangeable blade system
- Grippy overmold handle
- Full size blade for working through larger animals
- High visibility blaze orange handle
- Lock Back design for safe use
- Pocket clip for sheath or pocket carry
- Includes 4 extra blades: 2 drop point and 2 blunt tip
- Limited lifetime warranty

# VITAL POCKET FOLDER

The folding version of the original Vital Fixed Blade Knife, the ingenious Vital Pocket Folder EAB features one of the safest Exchange-A-Blade options on the market. A smart mash-up of a replaceable utility blade with a high-visual orange rubber handle that won't quit, this knife travels to the field and on the hunt with ease.

## SIMPLE AND FAST

The innovative marriage of Gerber's hunting savvy along with our exchangeable razor blade history has given birth to the Vital Pocket Folder EAB. Containing a punishingly sharp blade that mimics a surgical knife, the ingenious tool cuts through the cape of your game like a hot blade through butter. The inclusion of its several replacement blades means you won't get caught in the middle of skinning with a dull tool. This is a knife that works fast and smart, and when the blade is burned out, can be replaced easily on the fly. It requires no extra tools for its blade replacement, so it doesn't slow the action of field dressing, while offering super-safe operation as an exchangeable blade knife.

## STAINLESS STEEL STURDY

With a bright orange high-visual Vital handle it's easy to spot this knife if you should drop it while out in the field. The Vital Pocket Folder's large finger choil and larger width give it a solid, comfortable grip. Functioning beautifully in its simple role using utility blades that can be easily replaced as necessary, the Vital Pocket Folder EAB includes a #60 industry-standard attached razor blade and six #60 replaceable razor blades.

## FEATURES

- High-visual orange: easier to spot
- Exchange-a-blade
- Easier & safer than competition
- Rubber over-mold handles
- Comfortable, safe & lightweight
- Large safe finger choils
- 6 replaceable blades, #60 razor blade is industry standard
- Limited lifetime warranty

# DOWNWIND CAPER

## ▶ TRADITIONAL AESTHETICS, MODERN MATERIALS

### HUNTING FIXED BLADE KNIFE

There's a lot to learn from the past, but some things are better today. The Downwind Series is Gerber's nod to the aesthetics of the past, married with the materials of the modern day. Layered machined G-10 scales provide grip that increases when wet or bloody while delivering a traditional look. Subtle jimping on the spine and positive control choils throughout the hand ergonomics empower users to maintain certain control over the knife. A tall grind is excellent for delivering clean slices. The Downwind series is housed in waxed canvas sheaths, paying homage to the tools of our forefathers.

# LMF™ II

Down behind enemy lines? Left to fend for yourself? These are the scenarios that inspired the LMF II. Former military man Jeff Freeman led the charge to engineer this fearless new 10" survival knife. And we field tested it with the troops.

This knife is as adaptable as the personnel who carry it. Use it to cut through the skin of a fuselage. Or sever a seat belt. Or egress through the Plexiglas of a chopper. Plus, the LMF II does a slick job cutting firewood and building shelter. It can even be lashed to a pole to create a spear.

## FEATURES

- Lashing holes for use as spear
- Rugged, versatile survival tool
- 2 Leg Straps
- Sheath
- MOLLE Compatible

# MOMENT™

The Moment Large Sheath Folding Knife is a utilitarian tool up for any task. From field dressing to camp setup, the 3.5-inch fine edge blade is designed for smooth engagement and bold cutting. The **molded rubber handle offers a confident grip**. Add the **secure liner lock** and you've got a **seriously capable knife that's easily** carried on a belt or a pack.

Gerber's experience building knives comes through in the details: a well-placed guard, thumb traction jimping on the spine and a generous choil.

## FEATURES

- Textured rubber handle feels great and delivers secure all-conditions confidence in your grip
- Folding design means this knife is easy to carry in its sheath
- Glass bead blade finish for low reflectivity and fewer fingerprints
- Pommel with lanyard hole adds utility
- **3.5-inch fine edge blade is the hunter's friend**; easy to use and utilitarian in nature
- Nylon sheath with metal snaps keeps your knife within easy reach and securely stowed
- Balanced feel and comfortable grip

# MOMENT™ Field Dress Kit

The Moment Cleaning Kit is a two-knife Gerber kit that can handle the routine demands of cutting, caping and dressing wild game. The core of the kit is the large Moment Fixed Blade Knife with gut hook. This practical blade offers full tang construction and a confidence-inspiring handle. The hook feature simplifies the field dressing process, reducing the risk of slicing into the intestine. The second knife, a smaller fixed blade, has the same full tang construction and a finer point for detail-oriented work.

## FEATURES

- Two-knife kit for dedicated cleaning and dressing of game: one large gut hook fixed blade and one small fixed blade designed for small game, detail work and caping
- Textured rubber handles feel great and deliver secure, all-conditions confidence in your grip
- Full tang, fixed blade construction means these knives can rise to the challenge of long-term and nontraditional use
- Gut hook on the blade tip makes processing game quick and efficient
- Glass bead blade finish for low reflectivity and fewer fingerprints
- **Fine edge blades are the hunter's friend; easy to use and utilitarian in nature**

# PRINCIPLE FIXED BLADE

Directly in alignment with Gerber's pioneering spirit, the Principle is an empowering tool that accomplishes tasks of all shapes and sizes. With its where-you-need-it triple mounting sheath system, the Principle is never out of reach. Use this tool to concoct a shelter, wire a snare, bore a hole, or any other camping or bushcraft demand that may appear. Equipped with an easy-to-re-sharpen Scandinavian Grind edge, the Principle is purpose-built to run the longhaul. The 90 degree spine empowers users to start a fire with a variety of striking rods. Whatever circumstance the outdoors may throw your way, the Principle is designed to overcome.

## FEATURES

- Zero edge Scandinavian grind
- MOLLE, dropleg, or scout carry options
- 90 degree firestriking spine
- Versatile blade shape
- Multi-grip handle ergonomics
- Rubber overmold for comfort in prolonged use
- Lashing holes

# STRONGARM™ SERRATED EDGE

Gerber has been making survival knives for the US Military since 1968. The StrongArm Fixed Blade carries on our legacy of tough-as-hell fixed blade knives for combat and survival applications.

## SOLID GRIP FOR CONFIDENT APPLICATION

Featuring a serrated edge, full tang 420HC blade with black ceramic coating, the StrongArm was designed around the fundamentals of military survival training. Obtain a solid grip on the knife in all conditions with its diamond-texture rubberized handle. The striking pommel positioned at the base of the handle functions to break through hard surfaces for effective rescue operations, and ceramic coating on the blade offers subtle use through low visual profile, as well as preventing corrosion for long life of the blade.

## FEATURES

- Serrated edge
- Ceramic blade coating
- Rubberized diamond-texture grip
- Striking pommel
- Nylon webbing for drop-leg carry and secondary retention
- Detachable belt hoops for horizontal belt carry
- Snap-in MOLLE strap

## TECH SPECS

# VITAL® SKIN & GUT KNIFE

While every hunting trip might not produce results beyond the pleasure of experiencing the quiet and beauty of the outdoor world, the tools in a hunting kit suddenly become relevant once game is harvested. With the right tools for efficient operation, the task of skinning and field dressing the animal becomes far less grueling. The Vital Skin & Gut Knife possesses excellent edge retention and is easy to hold in navigating the awkward contours of large game thanks to its unique round expansion along the belly of the blade. The knife is equipped with a gut hook tip to maximize its competence in caping **when the user's arm reaches an exhaustion point. Its grippy rubber handle provides brawny push and pull strength to maximize** precious time and energy employed in skinning and field dressing, and the high-visual Vital orange color makes it easy to spot if dropped during the task.

## FEATURES

- Easier & safer than competition
- Rubber over-mold handle
- Comfortable, safe & lightweight

## TECH SPECS

- Overall length: 5.5"
- Blade length: 2.8"

SHEATH

# VITAL® ZIP

The cleverly engineered Vital Zip tool: designed to gain fast, easy access, be it to clothing, rope, boxes, or while on the field. Used by hunters and public services people with equal ease, this tool is a go-to in getting through various materials at breakneck speed. And its feather light aspect means it can be carried along on a belt or in a kit pack without adding undue weight to your gear.

Field dress an animal using the Vital Zip tool to virtually unzip its cape. The well adapted structure of its cutting area prevents inadvertent puncturing of the stomach, intestines, or bladder, affording its users confidence as they work. A super-efficient slicing tool that makes the most of its simple design and sturdy construction, **the Vital Zip holds a high carbon stainless steel utility blade that's easily replaced once dull with a quick release of the Phillips screw holding the blade in position.**

## FEATURES

- High-visual orange: easier to spot
- Easier & safer than competition
- Comfortable, safe & lightweight
- Two replacement utility blades included

# CHONK

## POCKETABLE PRY-TOOL

If you think this pry bar is a little...extra... you're not wrong. Offering you an extra hand or extra leverage, this sturdy 4" pry bar checks all the utility boxes with 5 additional tools built into the design, ensuring the problem is removed and the job is completed. The Chonk houses 6 total tools, including: pry bar, nail puller, wire cutter, large flathead driver, small flathead driver, and a bottle opener. For convenient carry, it also has a deep carry pocket clip and a key ring lanyard hole.

# DUAL-FORCE

## MULTI-TOOL

Multi-tool pliers suck. For tough jobs, it's usually easier to go back to your tool box and get a proper set of pliers. Until now. The Gerber Dual-Force features the best set of pliers ever found in a multi-tool. Its layered construction provides 2x the jaw strength and produces 2x the torque of a typical multi-tool\*. The adjustable slip joint and extra large teeth allow you to firmly grasp a variety of fasteners, making the Dual-Force the best damn pair of pliers you could have in your kit.

# CENTER – DRIVE

## MULTI-TOOL

The Multi-Tool just got a reality check. Gerber's Center-Drive Multi-Tool is a game-changing addition designed for real life, heavy-duty work. The Center-Drive is revolutionary, introducing an extra-long 3.2 inch magnetic bit driver that opens to align with the center axis of the tool – giving you all the torque and rotation of a traditional screwdriver. The full size blades conveniently replace your everyday pocket knife, and the full size spring-loaded pliers feature an X-Channel Rail System to eliminate rattle and open smoothly. Streamlined to offer the right tools for optimal functionality, the Center-Drive will replace your tool belt in no time.

# CENTER-DRIVE w/standard sheath

## MULTI-TOOL

The Multi-Tool just got a reality check. Gerber's Center-Drive Multi-Tool is a game-changing addition designed for real life, heavy-duty work. The thoughtful one-thumb opening design allows for quick deployment of the three full size tools you depend on most: the pliers, the blades, and the screwdriver. The Center-Drive is revolutionary, introducing an extra-long 3.2 inch magnetic bit driver that opens to align with the center axis of the tool – giving you all the torque and rotation of a traditional screwdriver. The full size blades conveniently replace your everyday pocket knife, and the full size spring-loaded pliers feature an X-Channel Rail System to eliminate rattle and open smoothly. Streamlined to offer the right tools for optimal functionality, the Center-Drive will replace your tool belt in no time.

# MP600™ BLUNT, BLACK

We can think of about 600 reasons why this much-applauded multi-tool belongs on your belt. But don't worry, we'll just stick to the most important ones here. Like profound versatility, for example. And fail safe performance. And a level of rock-solid design and construction that pleases the eye and satisfies the soul. It all begins with high quality stainless steel. Then we incorporated Gerber's patented one-handed opening pliers. Top that off with our patented replaceable tungsten carbide wire cutters. When the cutters become dull or misshapen simply rotate the tungsten carbide cutters 120-degrees, and you've got yourself a good-as-new wire cutter. After three rotations, the entire cutter can be replaced. You'd be hard pressed to find a more rugged or more fearless multi-tool out there. But go ahead and look around a bit. See what you think. Then come on back to Gerber and pick the Multi-Plier 600 that truly suits your needs. We're building plenty.

## FEATURES

- Patented Saf.T.Plus locking system
- Tungsten carbide insert cutters
- Ballistic nylon sheath
- One-handed opening pliers

# PRYBRID UTILITY

## MULTI-TOOL

As the name suggests, the Prybrid Utility is a hybrid tool, blending the best of a replaceable utility blade knife and a compact multi-tool. Eliminating the need for a sheath, this tool is meant to be carried in pocket or on a keychain offering immediate access to the 8 tools it houses. With a convenient dual-ended design, the Prybrid Utility is the only tool you'll need for quick tasks at the job site.

# SUSPENSION-NXT

## MULTI-TOOL

Taking design cues from the original, the Suspension-NXT is the evolution of a classic. Boasting an increased tool count of 15 in a lighter, thinner design, it fits comfortably clipped in a pocket, or on a belt. New to the Suspension-NXT is a wire stripper, medium flathead driver, awl, file, and ruler but the benchmark features remain: all outboard tools, all locking tools, and spring-loaded jaws.

### FEATURES

- Spring-loaded Needlenose Pliers
- Standard Pliers
- Wire Cutters
- Pocket Clip
- Scissors
- Medium Flathead Driver
- Ruler
- File
- Lanyard
- Wire Stripper
- Awl
- Large Flathead Driver
- Bottle Opener
- Can Opener
- Small Flathead Driver
- Partially Serrated Blade
- Cross Driver
- Weight: 6.7 Oz

# SUSPENSION

## MULTI-TOOL

Inspired by the bridges of Gerber's hometown in Portland, Oregon, the Suspension is an open frame multitool with spring-loaded pliers, our Saf.T.Plus™ locking system, a fine-edge knife, serrated knife, rough cut saw and more. Housed in a ballistic nylon sheath, it's a lightweight down-and-dirty workhorse.

### FEATURES

- Spring-loaded pliers
- Patented Saf.T.Plus
- Open frame design
- Comes with Sheath
- Includes Lifetime Limited Warranty

### TECH SPECS

- Overall Length: 6"
- Closed Length: 3.5"
- Weight: 9oz.
- Handle Material Stainless Steel
- Sheath Material: Ballistic nylon
- Pliers Type: Needle nose
- Handle Color: Titanium gray

### COMPONENTS

- Needle Nose Pliers
- Wire Cutter
- Fine Edge Knife
- Serrated Edge Knife
- Saw, Scissors
- Cross Point Screwdriver
- Small And Medium Flat Blade Screwdrivers

# VITAL TAKE APART SHEARS

The ruggedly efficient Vital Take-a-Part Shears are expertly built to break down small game for ultra-easy application and storage. With their high-visual Vital handles, newly designed with an eye to comfort, the Take-a-Part shears invigorate the exciting new Vital series.

## PIVOT THE PIN AND POP THE SHEARS APART

Clean the Vital Take-a-Part Shears with speed on the go. Once the pivot pin is released and the two blades are separate, the Vital Take-a-Part Shears wipe down well for fast storage. Move easily both on the field and on the journey to and from the hunt with this clever tool. The serrated blade edges are perfect for cutting through tough jobs with speed and efficiency, making the Vital Take-a-Part Shears an effective tool for disassembling game on the field, and use them at home in the kitchen when working with raw poultry.

### FEATURES

# BUSHCRAFT HATCHET

► FIRE, SHELTER, UTILITY

## CUTTING TOOLS

Thriving in the woods is not a matter of fortune, but a matter of preparedness. The motto “two is one, and one is none” is an axiom, and the Bushcraft Hatchet is up to the challenge. A single-piece axe head with overstrike guard ensures durability, while the rubber overmold grip at the bottom of the axe head provides additional choke-up cutting utility. A hammerhead on the back is not the end of the features – the waterproof Gear Storage Stick nests in the handle, hosting 5' of paracord and one storage compartment for a mini lighter, firestarter, or dry tinder. Don't be empty handed when mother nature brings a challenge.

# COMPACT CLEARPATH™

For back-country travel when every bit of weight is accounted for, the Compact Clearpath Machete is the tough, packable tool to bring along for the ride. The thoughtful design partners a corrosion-resistant, dual function stainless steel blade with the confidence of a GatorGrip® handle. The two-sided blade has both a fine edge for hacking brush and vines and a crosscut saw edge for cutting branches, limbs and small trees. When you head into the brush, never be without the Compact Clearpath Machete.

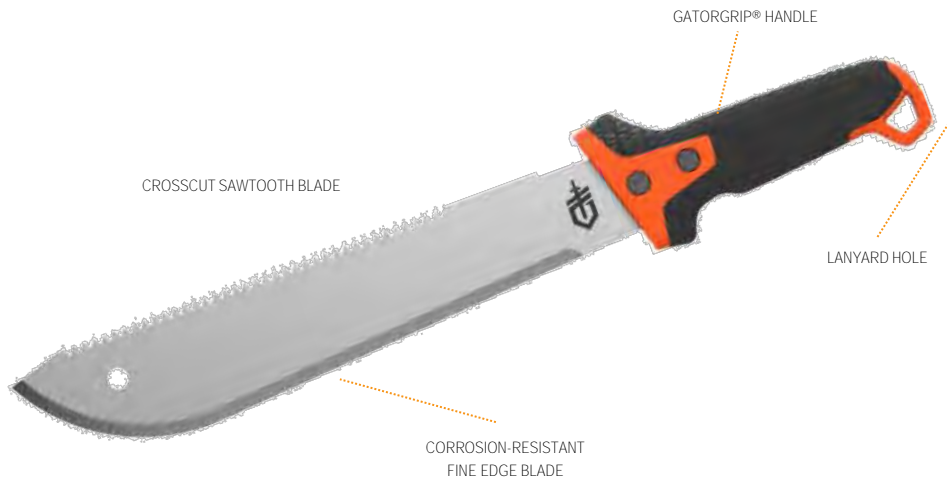

RUGGED DESIGN. IMPROVED COMFORT. HIGH VISIBILITY.

## FEATURES

- Corrosion-resistant stainless steel blade
- Crosscut sawtooth technology
- Compact, packable sheath
- GatorGrip® handle for improved comfort
- Safety lanyard for easy tethering

# GATOR® BOLO

If your situation calls for a machete, chances are you really need it. Cut with confidence, thanks to the ergonomic, slip-free Gator Grip handle of the Gerber Gator Bolo. A traditional tool of the jungle, Gerber's version is based on a classic shape from the Philippines, where for generations it's been used to clear vegetation, chop food and cut wood. Updated for modern use, and designed to withstand heavy cutting and slashing, while dispatching everything from tall grass to small tree limbs, the Gator's stout, burly blade features a prominent bulge near the front, adding power to the swing. It's part brush trimmer, part axe, and 100% serious business.

When it comes to clearing trail, the weight and reach of the Gator Bolo's 15.5-inch blade puts you on the side of progress. Corrosion-resistant 1050 Steel, with full tang construction for durability, means the Gator Bolo's a force for whatever chopping you're staring down. The wrist lanyard adds extra insurance to your swing, and the robust nylon sheath keeps the blade from getting banged up when not in use. Belt loop and D-ring attachments make for easy carrying options.

## FEATURES

- Full Tang construction for durability and power transfer
- Gator Grip handle for superior grip in wet conditions
- Lanyard for added safety and secure retention
- Nylon sheath with belt loop and D-ring attachments for multiple carrying options
- Backed by Gerber's Lifetime Warranty

## SPECS

- Overall Length: 22.5" (57.2cm)
- Blade Length: 15.5" (39.4cm)
- Weight: 20.8 oz. (589.7g) without Sheath 25.6 oz (725.7g) with Sheath
- Steel Type: 1050 Steel
- Handle Material: Gator® grip

# GATOR® COMBO AXE™ CRAFT

Axes have been around for ages. And even our award-winning axes are hardly new. But the Gator Axe is a wood-bustin' breakthrough. Because we applied our proprietary Gator textured rubber to the grip for an unprecedented level of comfort and control. Beneath that tactile rubber surface is a virtually indestructible glass-filled nylon handle. And inside that handle is a hollow area containing a magnet that can hold a knife. The axe head is engineered from forged steel, which does an outstanding job of **keeping** its edge.

## FEATURES

- Forged steel head
- Gator grip handle
- Glass-filled nylon handle

## SPECS

- Axe:
  - Overall Length: 8.75"
  - Blade Length: 2.70"
  - Weight: 23.60 oz.
  - Head: Forged Steel

# GATOR® COMBO AXE II™

The Gator II is a compact all-conditions axe for the outdoor adventurer. Made with a longer handle than the original Gator, the advantage is a greater striking force with the stainless steel head. The handle is made of glass-filled nylon and covered in Gerber's Gator texture. It offers a better and more comfortable grip in wet and muddy conditions. The handle also houses a coarse blade handsaw, held in place magnetically, for sawing branches and brush. It's a rugged and lightweight camping essential.

## FEATURES

- Forged steel head
- Gator grip handle
- Glass-filled nylon handle

## SPECS

- Axe:
  - Overall Length: 15.60"
  - Blade Length: 2.70"
  - Weight: 26 oz.

# GATOR® BUSH

Built with full tang construction, the Gator Bush Machete is Gerber's version of the classic multi-purpose design. With a long, straight blade designed for even weight, this robust machete is capable of everything from chopping to clearing the path in the bush. The Gator Grip texture on the handle keeps it secure, and the ergonomic shape makes it comfortable for extended use. It includes a unique, adjustable paracord safety lanyard and a high quality sheath. The sheath features dual D-loops and a belt loop for multiple carry options.

## HEAVY BRUSH CLEARING

### FEATURES

- Full Tang Construction
- Gator Grip handle
- Adjustable lanyard
- High quality sheath
- Dual D-loops
- Belt Loop

### SPECS

- Overall Length: 24.0"
- Blade Length: 17.9"
- Weight w/out sheath: 18.7oz.

# GATOR® MACHETE

The Gator Machete has a 15-inch fine-edge blade on one side and an 18-inch high **performance saw blade on the other**. It's forged of high-carbon stainless steel. The handle is covered with a Gator grip rubberized handle for comfort and control. It comes sheathed in a nylon case for secure carry. Made for use in the wilderness, **as well as the backyard**, it's a dual-purpose, lightweight machete for beating back the underbrush and trailblazing.

## FEATURES

- Tactile rubber grip
- Fine edge and saw blade
- Riveted, nylon sheath included

## SPECS

- Overall Length: 25.7"
- Blade Length: 18"
- Weight: 18 Oz.

# 14" HATCHET

The Sport Axe II, like all Gerber axes, is built with an eye to sturdy troubleshooting assistance. The Sport Axe II is the middle brother of the Gerber single hand axe series. Its handle is a bit longer than the Back Axe II and slightly shorter than the Camp Axe II. Featuring an innovative easily-removed sheath that still maintains a slim profile and stores neatly within the handle, the Sport Axe II serves its owner with the excellence that modern technology and good steel have combined to deliver. The handle features a soft touch over-mold to keep the Sport Axe II securely and comfortably in your hands.

# VITAL® SAW

With a clever blunt hooked tip and simple, straightforward structure, the innovative, high-visual orange handled Vital Pack Saw makes the work of dressing big game wonderfully efficient, saving body strain and time. The savings means having energy left for carrying the game and gear bag back to camp. A smart addition to Gerber's hunting category, the Vital Pack Saw manages its job with little fuss, storing away in its sheath and into a pocket or a gear bag with equal calm.

## COMFORT AND UTILITY

This little tool does just what it promises: sawing easily through the bones of big game animals and doing so in comfort. With a **rubber handle that's structured to fit precisely within your palm as it works** to cut through the dense bone using a sawing motion, confidence comes easily. The serrations are configured to increase sawing efficiency over that of traditional saws, and in tandem with the ergonomically grippy handle, this tool makes short work of getting through even the most challenging parts of the animal. Risk of **breaking the bladder or intestines virtually disappears** given the saw's blunted tip, ensuring the meat will not be harmed in the dressing process.

### FEATURES

- High-visual Orange: easier to spot
- Easier & safer than competition
- Rubber over-mold handles
- Comfortable, safe & lightweight
